

National FAA Safety Team presents:

# **AirVenture 2023 Forum - Pilot Professionalism How Small Changes Can Make a Big Impact**

We often hear the phrase “Don’t sweat the small stuff.” But when it comes to aviation safety, the “small stuff” can have a big impact. We will review accident case studies that demonstrate how small changes toward professionalism could have prevented a tragedy.

WINGS/AMT credit available!

To receive WINGS/AMT credit fill out attendance sheet available at the Forum entrance.

**Directions:** The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

Prior to attending a safety seminar, please review and abide by current CDC, State and local health guidelines.
